

imageRUNNER iR 2230

FEATURES

Features

Your growing business is unique. You need greater productivity as well as the flexibility to shape office solutions around your specific needs. That's why you need the Canon imageRUNNER 2230 digital multifunction office systems.

Take command of your office productivity! The imageRUNNER 2230 is a

- copier, printer, scanner, fax and document storage needs as your business dictates
- The latest imageRUNNER architecture ensures concurrent processing of each task for maximum productivity

And when the imageRUNNER 2230 devices are fully connected to your network, all users can leverage system capabilities directly from their desktops through intuitively designed drivers—complete with finishing and paper supply functions. All this in an extremely compact, cost-effective system your business can count on.

Compact, Durable Design

To accommodate busy office environments with limited space,

- The incredibly compact imageRUNNER 2230 is most suitable
- High-yielding supplies and consumables keep running costs and downtime to a minimum for top-notch efficiency
- Easy-to-load bottle design, toner replenishment is quick and clean

Produce High-Quality Digital Copies with Confidence

The imageRUNNER 2230 models are designed to make your documents look their best.

- High-quality output for both text and images—equivalent to 2400 x 600 dpi for printing, with 256 gradations
- Automatic Duplexing provides two-sided printing to conserve time and paper
- Canon's RAPID Fusing System™, warm-up times and energy consumption costs are kept to a minimum

Ease-of-Use

The imageRUNNER 2230 models are designed for easy operation at the device through

- an intuitive touch-screen panel or at a desktop using a Remote UI™** (User Interface) that allows users to control operations via their Web browser
- A complete set of device management and monitoring utilities embodied in the NetSpot® Suite

As an ENERGY STAR® qualified system, the imageRUNNER 2230 systems are designed with the environment in mind.

A Multifunctional Delight

The imageRUNNER system, when equipped with an optional printer kit, is transformed into a productive multifunction device that can greatly improve your workflow.

- The imageRUNNER 2230 devices support the latest Canon Ultra Fast Rendering II (UFR II) technology for fast document processing
- and available support for popular PCL 5e/6* page description languages
- With the Canon Network ScanGear utility** you can easily integrate scanned images with your documents using TWAIN-compatible software

Secure peace of mind

The New imageRUNNER 2230 is designed with extensive security features to restrict access, manage usage and ensure confidentiality so your private data stays that way

- Department ID Management - up to 300 departments can be registered for complete control of copy, scan and print totals
